

# TIMELESS

A collection of classic fabrics  
with a timeless appeal

# SUNBRELLA®

## A BRAND THAT CARES ABOUT THE ENVIRONMENT

From production to use, Sunbrella® fabrics combine quality with durability to reduce their impact on the environment.

### PRODUCT LIFECYCLE MANAGEMENT

As part of its Sunbrella ReCycled offer, Sunbrella created the Endless Stories collection containing up to 50% recycled solution-dyed acrylic fibres. Our recycled fibres are sourced directly from production plants where waste is divided into colour groups and turned back into fibres. These fibres are then blended with the "virgin" Sunbrella fibres.

### LESS WASTE

Our quality Sunbrella fabrics do not rot or fade and are highly resistant over time. As our fabrics do not need to be replaced as often as traditional fabrics, they generate less waste.

### LOW WATER CONSUMPTION

In the solution-dyeing process, colour pigments are added to the yarn as it is spun, to guarantee colourfastness and save water. The small amount of water used in our weaving process is fully recycled in-house.

### ZERO LANDFILL

For over 30 years, Sunbrella has recycled its industrial waste such as yarn and packaging. Today, every Sunbrella manufacturing facility around the globe sends absolutely no waste to the landfill.

### 5 YEAR WARRANTY

LIMITED WARRANTY

### PFAS FREE

Sunbrella acrylic fabrics carry a 5-year limited warranty for indoor and outdoor applications against abrasion, pilling, loss of colour and strength in normal usage and exposure conditions. See general warranty conditions at : [dckc.fr/warranty](http://dckc.fr/warranty)

Our company has invested significant resources to find alternatives to PFAS (perfluoroalkylate) chemicals and has developed an optimal non-PFAS finish for all Sunbrella upholstery fabrics. Our fabrics will retain their water repellency, durability, bright colours, appearance, softness, texture, ease of cleaning and strength.

### REACH REGULATION

Sunbrella has developed treatments designed and applied in strict compliance with European REACH regulations.

REACH is a European regulation designed to improve the protection of human health and the environment from the risks posed by chemicals, while enhancing the competitiveness of the EU chemicals industry.

### GREENGUARD CERTIFIED

Sunbrella upholstery fabric has achieved GREENGUARD GOLD Certification. Sunbrella upholstery fabrics are certified by GREENGUARD as contributing to healthy indoor air by being a very low emitting interior product.

### OEKO-TEX LABEL

A quality that meets human-ecological requirements. Awarded with the OEKO-TEX label (class II - products with direct contact to the skin), Sunbrella fabrics are produced without hazardous substances and do not pose a threat to health, the skin or the environment.

# TIMELESS

Designed with lasting strength and cleanability built in

Timeless is a collection of over a hundred fabrics. Expertly crafted, this broad palette of colours is suitable for all projects. The fabrics can stand on their own, but are also designed to serve as the basis for more trendy compositions. They are perfect for patterned or textured combinations. Indispensable essentials that stand the test of time.
